

	L	H max
1.	570	370
2.	800	600
3.	1 000	800
4.	1 200	1 000

A schematic diagram of the CRP system components. It shows a central unit labeled 'BM, CRM' (Base Mount, Control and Release Mechanism) at the bottom. A cable, labeled 'CR' (Control Release), extends from the top of this unit, curves upwards and to the right, and then loops back down to a component labeled 'B, CR' (Base, Control Release) located above the central unit. A separate component labeled 'B' (Base) is shown at the top left, detached from the main assembly.

A technical diagram of a cable reel assembly. It shows a cable spool with a central hub and a winding drum. A cable is wound around the drum and extends from the reel. Two labels with leader lines point to specific components: 'K' points to a small circular component on the central hub, and 'KM' points to a larger circular component on the winding drum.
